

3

A pixelated black and white image of a hand-drawn circle. The circle is composed of a thick, irregular black outline on a white background. The edges are jagged and pixelated, giving it a low-resolution, digital-art appearance. The circle is roughly centered within the frame.

A 10x10 grayscale plot showing a handwritten digit '7'. The digit is drawn with black pixels on a white background, with some gray pixels indicating the edges or noise. The digit is positioned in the upper-left quadrant of the plot.
